

Mrs. Burnham's Class News

July 26, 2019

Reminders

Please make sure to update yearly your volunteer status. You will need to register on a computer at school to do this. Mrs. Lanier, the media specialist can help you log on.

Calendar

Interims will go home the week of Aug. 9.

Class Notes

Our class is learning the routines and the children are progressing nicely. An email was sent earlier in the week with information on how to access Dreambox at home. This is a math program that advances the students in lessons as they progress on an individual basis. We recommend that the children use the program at least for 20 minutes at home every week.

An email was also sent from Class Dojo this week. This is an app I am using for discipline. You can access your child's account to see how they are doing. I only give positive points and do not take points away for inappropriate behavior. At the end of every week, the children are paid clipper cash for their dojo points to use as rewards. I reset the points back to 0 on Friday after school.

Reading/ Letterland

We will be working on unit 9 this week. This unit focuses on the -all word family.

In reading during this week, students will explore texts, identifying main idea and using illustrations to describe the key ideas.

Our character trait to discuss this month is Conflict/Resolution. We are learning how we are citizens of many different communities and how to talk about a conflict we have to solve our problems.

Math

We are learning numbers to 150. Being able to count from any number to another, writing the numbers and ten more/less. The children will be learning about groups of ten in numbers to prepare for place value.
